 Date Modified: 8/10/2020

[Additional information](#)

Once the software is installed (it will take a few minutes), you will be prompted to create a login. Please use your Proviso email and password.

A couple notes:

- You must be connected to the school's Wi-Fi network to download any software.
- There are enough licenses for everyone in the district, including students. If your student needs to download software for your class, please share these instructions as you walk them through the process.
- You can download anything that is currently listed in the Software Center.
- The Software Center is also where you can check for device updates.
