Sep 2018

Action Team for Partnership (ATP)

Proviso East High School is currently operating under a parent-inspired school "transformational plan" aimed at preparing our students for their future careers.

The way "PIRATE" parents, faculty, staff and community members help in excelling the "plan" is by putting our efforts to building and supporting the six key components of the "plan" which are:

- P**romoting Competency Based Education
- I**nsisting on College and Career Readiness Academies
- R**einforcing Every Student Connected
- A**dopting Post Secondary Planning for each student
- T**apping into Targeted Instructional Area Learning
- E**ngaging in the Action Team for Partnership (ATP)

Please contact:

Attendance Awareness Month

Attendance improves when schools engage students and parents in a positive way.

When students improve their attendance rates, they improve their academic prospects and chances for graduating.
