

Hello PMSA students!

The counselors wanted to reach out and touch base about the grading information that was sent out earlier. First, we would like to start by saying that we are all very proud of you. This is a challenging time for so many and we know that many of you are continuing to work hard on your education and staying engaged. While it was communicated that you cannot earn a lower grade than the grade you received for Quarter 3, if you do not do the necessary work to earn credit for Quarter 4, you will be required to make up that work in summer school. This work will not go away and it is in everyone's best interest to complete the necessary requirements per course! We also encourage you to take advantage of this opportunity to earn a higher grade than the one you received for Q3, as those grades can count towards your GPA.

On another note, we also recognize that this is an extremely difficult and challenging time for many families. Please know that there are resources available for you. If you need internet access, contact your counselor as the district has hotspots available for use. If you need help, please do not hesitate to reach out to us. We are here for you. We are proud of you. And we miss you!
