Student Course Selection Worksheet

SY 2026-2027 for Juniors

Name _____

Student ID _____

Counselor _____

This worksheet will help you, your parents, and your counselor decide what courses to select next year. You will be able to log into PowerSchool to select these choices online. Next year as a junior, you will take a total of 6 required courses and 1 elective course to complete your class schedule. You will choose one course in each department from the Required Courses section below. You will choose 2 courses in the Elective courses on the back. Rank your 1st and 2nd choices. (Your 2nd choice will be used if your 1st choice cannot fit into your schedule.) Elective courses may be taken all in one department or from different departments.

Note: Selecting a course is not a guarantee that you will automatically be enrolled in that course. Course offerings are dependent on enrollment and staffing. Your course selections may also change based on any credit or graduation requirement deficiencies.

REQUIRED COURSES

Choose 1 class in each department. Place an X in the box.

English

- ☐ IH English 3
- ☐ AP English Language & Composition

Science

- ☐ IH Biology
- ☐ AP Biology
