

## Meet Our Student Advocates

**Kristen Facen:** Loves working with students and families and couldn't imagine working in any other field. Kristen also has a passion for event planning.

**Fred Jefferson:** Is a graduate of Concordia University and has a Master of Arts in Clinical Mental Health Therapy. Fred also loves working with wood and doing home repairs.

**Jenny Luna:** Has worked in education for 12 years and enjoys working with students to help them reach their full potential. Jenny also enjoys traveling and spending time with family.

“The DREAM program provided me with many helpful resources so I could graduate as soon as possible. All of the staff in DREAM are great supporters and have definitely motivated me to keep on going.”

— Nathan Souchet

Our mission is to support growth and positively impact our students' lives through building strong relationships with students, their guardians, school staff, and the community.

# DREAM

DREAM is an Alternative Learning Opportunity Program offered at Proviso West High School and is a partnership between Proviso School District 209 and West 40. Referrals to DREAM are for students who are behind in credit and need extra support. For 3 periods of their regular school day, students work in Personalized Learning Centers. There, they are enrolled in co-taught, original credit Math and English courses; in addition to a period of credit recovery, where students can make up missing credits. All DREAM students are assigned a Student Advocate. Advocates provide support to the students, communicate with Parents/Guardians and school staff, help the student hold themselves accountable, and to be successful in school and beyond.

## 2017/2018 Data

Students Served: 90

82.90% Attendance Rate

70.73% Classes Passed

37.5 Credits Earned

4,870 Student Contacts

765 Parent Contacts

369 Staff Contacts
