It is understood that the Sponsoring Organization shall only be permitted to use the District property/facilities specifically listed on the dates and times given. However, District-related use of District property facilities shall take precedence over any use by the Sponsoring Organization. The District shall make every attempt to make the property/facilities available to the Sponsoring Organization at all scheduled dates and times, but does not guarantee that such will be available.

II. In consideration of the District’s permission to use its property/facilities for the specific activity or activities identified and for other valuable consideration provided or required to be provided, the Sponsoring Organization agrees as follows:

1. The Sponsoring Organization and all persons participating in or attending its functions shall conduct themselves in an orderly fashion and abide by the District’s policies and regulations. Continued use of the District’s property/facilities shall be contingent upon compliance with this requirement.

2. The District’s property/facilities shall be made available to the sponsoring organization not more than 15 minutes prior to the time of its scheduled use and shall not be opened by anyone other than a District employee. The Sponsoring Organization and all persons participating in or attending its functions shall vacate the property/facilities no later than 20 minutes after the ending time established in this agreement. All persons participating in or attending the Sponsoring Organization’s functions shall not enter any area of the District’s property or facilities not part of the District’s property/facility for which the Sponsoring Organization has been authorized to use.
