District Organization

"Nothing But The Best"

The seal of Proviso Township High Schools is a circle, the outer limits of which enclose the name of the district. At the entrance to the circle, an open textbook symbolizes learning. The Latin words, "NIHIL NISI OPTIMUM", meaning "ONLY THE BEST", define the type of learning experiences that Proviso Township High Schools strives to provide for all of its students. The year 1910, found below the book, is the year that the bond issue that provided for the establishment of a municipal high school was carried out.

The Students' Rights and Responsibilities Handbook is a summary of the school's rules and expectations and is not a comprehensive statement of school procedures. The contents of this handbook are subject to change based on updates to Board policy, state law, and/or guidance from the Illinois State Board of Education (ISBE). The Board's comprehensive policy manual is available for public inspection through the District 209 website at www.pths209.org.

Introduction

Under the leadership of the Board of Education, Proviso Township High Schools District 209 is committed to graduating all students to be college and career ready. This is achieved through fostering positive, nurturing, and engaging learning environments. We aim to equip our students with the knowledge, skills, and resources to compete on a global level. We are also committed to maintaining a safe school environment for students and teachers.

Good behavior is essential to academic success. However, good behavior is not something that just happens. Behavior, like mathematics and reading, must be taught. We believe that it is possible to maintain disciplined, productive learning environments without excluding students from school except in the most severe instances. Utilizing a common sense, appropriate, leveled discipline approach, school environments will thrive, and as behavior improves, academic performance improves.

This handbook provides a framework for academic standards and positive student behavior. Its content promotes positive, supportive, and inclusive learning environments that maximize students' academic achievement and minimize students' behavior issues. It explains the expectations, rights, and responsibilities of all members of the school community. The handbook creates a structure where students, parents and teachers can forge educational partnerships and relationships critical to students' success.

Application of the Students' Rights and Responsibilities Handbook

This handbook and its contents are in effect during regularly scheduled school hours, as well as at other times and places, including school-sponsored events, field trips and athletic functions where school administrators have authority over students or the behavior has a direct effect upon the school, including and not limited to the use of social media outside of school hours.

Purpose of the Students' Rights and Responsibilities Handbook

- Share policies, procedures, and best practices to ensure that students and parents understand and support our goal of academic excellence and a high-quality education for all students.
- Share expectations of respectful and responsible behaviors based on age, developmental level, and needs of the student and school community.
- Share school and community resources for students, parents, and families.
- Identify levels of responses and interventions regarding student behavior.
- Provide the student appeals process and procedures.

Student Rights

Students have all of the rights provided by law including the right to equal educational opportunities without regard to any protected category, including race, color, national origin, sex, disability, marital status, gender identity, ancestry, religious beliefs, status as homeless, actual, or potential marital or parental status, or sexual orientation. Staff and students are responsible for:

- Creating a safe and orderly environment in which to learn,
- Treating others with dignity and respect,
- Expressing opinions and personal points of view in a responsible and constructive manner,
- Peaceably assembling
- Receiving reasonable and fair treatment

Due Process Rights

The U.S. Supreme Court has held that students are entitled to due process when they are barred from public school “for more than a trivial period.” (Goss v. Lopez, 419 U.S. 565 1975). Minimum due process rights are given for under 10 days of suspensions and students have the right to receive at least the following:

- Right to notice and fair informal hearing prior to the administration of a light suspension
- An explanation of the evidence against the student
- An informal conference or hearing in front of an objective person to challenge the charges

Ultimately, students have the right to contest their suspension through a Board of Education hearing.

Note: These rights are not absolute and may be limited, when necessary, to prevent the disruption of the learning environment or the orderly operation of the school. School officials can immediately suspend a student who poses a danger, but they must schedule a hearing as soon as possible afterwards.

Freedom of Speech

Students have a right to freedom of expression of their views within the limitations expected of group controls, school purposes, and school activities.

Students have the right to express, through written and oral means, their own opinions on controversial issues without jeopardizing relations with their teachers or the school.

Students have a responsibility to make every effort to become informed and knowledgeable about controversial issues and to express their opinions in a manner that is suitable for the forum in which the discussion is taking place.

Students have the responsibility to refrain from the distribution of any material(s) which, by its content, would interfere with discipline, cause disorder, or invade the rights of others.

Students have the right to speak responsibly in their native language, and they will not be disciplined for doing so.

Student journalists have rights to free speech per the Speech Rights of Student Journalists Act (105 ILCS 80/).

Right to Assemble

Students have a right to peaceably assemble without disrupting the regular day-to-day operation, schedule, or activity of the school or institution.

Students have the responsibility to assemble in accordance with the prescribed rules and regulations of the school or institution.

Emergency School Closings

In the event of emergency closings, as well as inclement weather during the school year, information concerning the operation of the school will be given to the Emergency Closing Center (ECC) as early as possible. If dangerous weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. Parents/Guardians can check the status of their child's facility in the following ways:

- Go to the website at www.emergencyclosingcenter.com and search for the facility by typing the name and city or by the main phone number of the facility.
- Receive an e-mail notification of a change made to their child’s facility by signing up at: www.emergencyclosingcenter.com
- Listen to WGN Radio 720-AM, WBBM Radio 780-AM or watch CBS Ch. 2, NBC Ch. 5, ABC Ch. 7, FOX 32, WGN-TV or CLTV cable for closing information.
- Notice also will be posted on the District 209 website (www.pths209.org), Facebook (www.facebook.com/pthsd209), and Twitter (www.twitter.com/pthsd209).

In the event of a school closing, we will attempt to make an all-call; therefore, please make sure that we always have a current telephone number. We will also attempt to send an email blast. To ensure that these messages are received, the school must have a correct email address on file.

In order to ensure the child’s safety, families need to make certain that their child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically canceled.

Portable Electronic Devices

Proviso Township High Schools are committed to fostering a focused, engaging, and supportive learning environment and cell phone usage during instructional time has been shown to:

- Disrupt the learning process
- Impede student focus and engagement
- Diminish classroom social interactions
- Negatively affect mental health and academic performance

So, in alignment with national trends and peer institutions, Proviso Township High Schools District 209 will limit access to cell phones during class time to ensure students are fully present—academically, socially, and emotionally.

Beginning with the 2025-2026 school year, all classrooms are equipped with secure phone storage units, known as “Phone Homes.” Students are expected to place their phones in these holders upon entering class and leave them stored for the entire class period.

Students will still have access to their phones:

- Before and after school
- During passing periods
- At lunch

If students don’t meet expectations, a clear, progressive approach will be followed:

1. Reminder – The teacher will ask the student to place the phone in the holder.
2. Confiscation – If the student refuses, the phone will be collected and stored until the end of the day.

3. Repeat Offenses – After three incidents, the student will be required to turn in their phone each morning for one week.

Use of Technology

The increasing availability of technology creates both opportunities and risks for students. Since the potential for harm from the misuse of technology is significant, Proviso High Schools District 209 has established guidelines by which students can use technology in a legal, safe, productive, and ethical manner.

All use of technology under these guidelines is to be for legitimate educational purposes under the guidance or direction of school system staff. Administrative Procedure 7:345, Use of Educational Technologies; Student Data Privacy and Security states that “Educational technologies used in District 209 shall further the objectives of District’s educational program”.

The following conduct is prohibited while using the school system network, accessing the school system network from outside of the firewall, or while involved in situations under which this code has jurisdiction. Students shall not:

1. Utilize the school system computer network for any illegal activity, including, but not limited to, gaining, or attempting to gain unauthorized access to resources, files, or devices on the network.
2. Access “chat lines” or enter “chat rooms” that are not part of a class activity under the direct supervision of a teacher.
3. Access or link to websites that contain material deemed vulgar, offensive, or otherwise inappropriate, including, but not limited to, websites promoting hatred, racial/religious/sexual discrimination, use of illegal drugs/alcohol/tobacco, gaming or gambling, criminal activities, or computer/network hacking.
4. Use or display copyrighted or otherwise licensed or contractual material without specific written permission or authorization from the appropriate party.
5. Utilize the network for commercial purposes or display any logo of any commercial entity not related to Proviso Township High Schools District 209.
6. Post, use, or download any files which cause congestion or impede network operations.
7. Trespass in or vandalize another’s files, folders, data, or work.
8. Post anonymous messages or in any way misrepresent one’s own identity.
9. Use the account password of another user.
10. Use abusive, harassing, or otherwise objectionable language in any message.
11. Use any portion of the D209 network to promote the annoyance, harassment, bullying, or attacking of students or staff members.
12. Take or facilitate the theft or damage of data, equipment, or intellectual property, including degrading or disrupting equipment or system performance.

Consequences for misuse may include but are not limited to, suspension of equipment access, confiscation of the technological device, disciplinary action commensurate with the level of misconduct, and/or legal action as appropriate.

Proviso Township High Schools District 209 reserves the right to review and address technology usage not stated in this policy in any instance where Proviso Township High Schools District 209 determines that such review is necessary.

Social Media

The school system does not govern the personal use of technology outside of school. In instances where the use of devices creates a threat to students, staff or administration within the school environment and impedes opportunities for learning, or impacts the safe operation of the school bus, the school will apply disciplinary action in accordance with the Student Rights and Responsibilities Handbook.

Social Media misuse includes internet/computer and the misuse of other electronic devices that may have the impact of disrupting the educational environment. Social media is inclusive of, but not limited to, web-based and mobile technologies, social networking sites, blogs, instant messaging, twitter, social blogs, and video-based sites such as YouTube. The most common misuse of social media is harassment via cyber bullying. When cyberbullying takes the form of harassment of protected classes, it may be prosecuted as a violation of a person's civil rights.

Students should:

- Maintain privacy by not sharing passwords and/or codes.
- Use telecommunications in school for educational purposes only under the direction of a teacher.
- Use telecommunications or PEDs in school at other times, such as during lunch periods and extracurricular activities, if approved by school administrators.
- Report acts of cyberbullying, harassment, or sexual harassment to school staff. Do not respond to the harasser.

Students should not:

- Share usernames or passwords.
- Access and/or use social media websites on school equipment.
- Access social media sites while in school, on school property or while attending school sponsored events.
- Post photographs, videos and tweeted messages of fights or threats of fights on social media sites.
- Use electronic devices to distribute/post abusive, harassing, bullying, libelous, obscene, offensive, profane, threatening, sexually explicit or illegal material including photos and comments.

Violations in the Student Rights and Responsibilities Handbook, Board Policies, and school rules while using social media websites may result in a disciplinary response. Complete guidelines for the acceptable use of technology are contained in Board of Education [Policy 7:180](#) (105 ILCS 5/27-23.7).

Pesticide Application Notice

Any parent or guardian of a student may request to receive a written notice before any pesticide, other than an antimicrobial agent such as a disinfectant, or an insecticide or rodent bait, is used in the school building or on school grounds. Parents or guardians requesting written notice must submit such request in writing to the Office of Business Administration for the attention of: The Proviso Township Business Office. The Business Office will give at least two business days advance notice of any applications of pesticides. Notice may be given to the individual person who requests it or to all parents and guardians through newsletters, bulletins, calendars, or some other general correspondence.

Violent Offender Community Notification

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth. The Illinois Sex Offender Registry can be found on the Illinois State Police's website at: www.isp.state.il.us/sor/.

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police's website at: www.isp.state.il.us/cmvo/.

These publications or records will be widely distributed, and the School District may also, within its discretion, release items to third parties for publication or recordings.

Video and Audio Monitoring System

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

12. Verified reports or information from non-educational persons, agencies, or organizations of clear relevance to the student’s education

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

The right to inspect and copy the student’s education records within 15 school days after the day District 209 receives a request for access. The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will decide for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. District 209 charges \$0.35 per page for copying but no one will be denied their right to copy of their records for inability to pay this cost. These rights are denied to any person against whom an order of

protection has been entered concerning a student (105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15)).

The right to have one or more scores received on college entrance examinations removed from the student's academic transcript. Parents/guardians or eligible students may have one or more scores on college entrance exams deleted from their student's academic transcript. Students often take college entrance examinations multiple times to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in the academic transcript having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. District 209 will remove scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper. Parents/guardians or eligible students may ask District 209 to amend a record that they believe is inaccurate, irrelevant, or improper. They should write to the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason. If the District decides not to amend the record as requested by the parents/guardians or eligible student, District 209 will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent. Disclosure without consent is permitted to employees or officials of the school, District 209, or the Illinois State Board of Education with legitimate educational or administrative interests, in furtherance of such interests.

An official of the school or the District is a person employed by the school or the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a volunteer; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, therapist, or evaluator); or any parent(s)/guardian(s) or student(s) serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to access school student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest. An official of the school or District 209 has a legitimate

educational interest if the official needs access to school student records and/or student record information to fulfill his or her professional responsibility.

Upon request, District 209 discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile.

The right to a copy of any school student record proposed to be destroyed or deleted. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent(s)/guardian(s) or to the student if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

The right to prohibit the release of directory information concerning the parent's/guardian's child. Throughout the school year, District 209 may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent(s)/guardian(s)' names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time unless the parents/guardians or eligible student is specifically informed otherwise.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior specific, dated, and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent. Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parents/guardians, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. Families who wish to exercise this option can notify the Building Principal where the student is enrolled for further instructions.

The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

Community Service

Community service is required of all students to graduate from a District 209 school. It is a learning experience for students that combines meaningful service to the community with curriculum-based learning. Students improve their academic skills by applying what they learn in school to the real world; they then reflect on their experience to reinforce the link between their service and their learning.

Only approved activities may qualify for service-learning credit. Students must complete the student verification form to receive credit. Parent(s)/guardian(s) can reach out to their child’s school counselor for more information.

Grade Point Average Calculations

Grade Point Average or GPA, is a number that shows how well you're doing in your classes overall. It is calculated based on letter grades and results in a number between 0.0 and 4.0.

GPA matters because it can impact future employment, getting into college, qualifying for scholarships, or joining certain programs and activities. A strong GPA shows that a student is working hard and doing well in school, opening more opportunities for the future.

Proviso's current system of grade weighting divides courses into eight categories. The nature of these categories, the courses within each category, and the points awarded to grades in each category are explained below. The purpose of weighted grades is to enhance the class rank of students who do strong work in the most challenging courses. The weight of individual courses is determined by the points assigned to the grade a student earns in a course.

Category 1

This category includes the vast majority of course offerings. These courses are generally entry level courses and regular level courses that are required for graduation. They provide college and career readiness for postsecondary opportunities. The following points are awarded in this category:

A = 4.0 B = 3.0 C = 2.0 D = 1.0 F = 0

Category 2

This category includes honors courses deemed more challenging due to complexity of academic concepts, accelerated pace of instruction, and advanced level of instruction. The following points are awarded to grades in this category:

A = 5.0 B = 4.0 C = 3.0 D = 1.0 F = 0

Category 3

This category includes Advanced Placement (AP) courses that are designed to be the equivalent of courses taken the first year of college. Students participating in AP courses are strongly encouraged to take the examination provided by the College Board. Colleges and universities may award college credit if specified minimum scores are achieved on the exam. The following points are awarded to grades in this category:

A = 5.5 B = 4.5 C = 3.5 D = 1.5 F = 0

Category 4

This category includes International Baccalaureate (IB) courses that are designed to be the equivalent of courses taken the first year of college around the globe. Students participating in IB courses are strongly encouraged to take the examinations provided by the International Baccalaureate Organization (IBO). Colleges and universities may award

college credit if specified minimum scores are achieved on the exam. The following points are awarded for this category.

A = 5.5 B = 4.5 C = 3.5 D = 1.5 F = 0

Category 5

This category includes Dual Credit and Dual Enrollment courses that are designed to be the equivalent of courses taken the first year of college. Students participating in Dual Credit and Dual Enrollment courses are strongly encouraged to take the examinations associated with those courses. Colleges and universities may award college credit if specified minimum scores are achieved on the exam. The following points are awarded to grades in this category:

A = 5.5 B = 4.5 C = 3.5 D = 1.5 F = 0

Category 6

This category includes Elective courses that do not fulfill the graduation required coursework in the content area. These courses serve as elective credit only and will earn their respective credit per the corresponding department. The following points are awarded to grades in this category:

A = 4.0 or 5.0 B = 3.0 or 4.0 C = 2.0 or 3.0 D = 1.0 F = 0

Category 7

This category is exclusively for Life Skills courses as part of the Special Education Department that are required for graduation. These courses provide college and career readiness for postsecondary opportunities. The following points are awarded in this category:

A = 4.0 B = 3.0 C = 2.0 D = 1.0 F = 0

Category 8

This category is exclusively for EL courses as part of the English Learners Department. These courses provide college and career readiness for postsecondary opportunities. The following points are awarded in this category:

A = 4.0 B = 3.0 C = 2.0 D = 1.0 F = 0

Counseling

Each student is assigned to a counselor who meets and works with the student during his or her time at Proviso Township High Schools. The counselor serves as a liaison among the student, the staff, and the parents/guardians. The counselor provides personal and social counseling, career counseling and college counseling, and other student supports and interventions as needed for student success.

Proviso Township High Schools uses SchooLinks, a modern college and career readiness platform, to help students explore career pathways, plan academic goals, and prepare for post-secondary success. Each student has a personalized account that follows them throughout their educational journey, from junior high to high school.

Students can access SchooLinks via Clever, which is available on the District 209 website. The platform integrates with existing school to ensure student data is updated regularly and securely.

Students will benefit from SchooLinks through activities such as:

1. Creating and updating a four-year academic plan
2. Exploring career clusters and pathways
3. Completing self-assessments on personality, strengths, and interests
4. Researching colleges and tracking applications
5. Capturing volunteer, internship, and work experiences
6. Building resumes and setting SMART goals
7. Participating in college and career events and mentorships
8. Engaging with industry partners and alumni for real-world insights

SchooLinks also includes a **Family Engagement Portal**, allowing parents and guardians to view their student's progress, communicate with counselors, and support post-secondary planning.

Counselors use SchooLinks to guide students through activities such as:

- Academic planning
- Career exploration
- College readiness

The platform provides real-time data and reporting tools to help staff monitor student progress and ensure compliance with state and federal requirements.

Supports for Multilingual Learners (ML)

The Multilingual Department focuses on ensuring that students with diverse linguistic backgrounds have equitable access to academic instruction. They provide resources for district staff, teachers, and parents about English learners and students in bilingual programs. The department promotes equitable access to language support services for students from culturally and linguistically diverse backgrounds who have been identified as English Learners.

Illinois Definition of an English Learner (EL)

Any student whose home language background is a language other than English and whose proficiency in speaking, reading, writing, or understanding English is not yet sufficient to provide the student with:

- The ability to meet the state's proficient level of achievement on state assessments;

- The ability to successfully achieve in classrooms where the language of instruction is English; or
- The opportunity to participate fully in the school setting.

The Proviso 209 Multilingual Department is committed to providing support to our students, staff, and families in partnership with the other departments and leadership across the district. Some examples our contributions to student success include:

State Requirements

- Illinois School Code – Article 14C Transitional Bilingual Education
- Illinois Administrative Code (Title 23): – Part 228: Transitional Bilingual Education
- Equity and Advocacy: Ensuring equitable access to educational opportunities for all students
- Current laws guarantee all students, including immigrant and non-English speaking students in grades K-12 up to the age of 21, a free public education and access to a quality education through full use of programs and resources regardless of immigration status

Home Language Survey

- The state of Illinois requires any new student who enrolls in the district to complete a Home Language Survey as part of the registration process.
- The home language survey must include these two questions:
 - a. "Is a language other than English spoken in the home? If so, which language?"
 - b. "Does the student speak a language other than English? If so, which language."
- If a parent or guardian answers "yes" to one or both of the Home Language Survey questions, **the district is required to administer a state-approved English language proficiency assessment** to determine the student's eligibility for bilingual education services. The English language proficiency assessment is required by law and as such a parent or legal guardian cannot opt out of the assessment.

Program Placement

- After the initial screening, the students' schedule will be built based on their home language and level of English proficiency.

Exit/Reclassification- Transitioning from Language Services

- A student is reclassified after attaining a 4.8 overall on the ACCESS test. The student is then monitored for two years to ensure academic success continues. If a student is reclassified before receiving EL services for three years, the student is entitled to continue receiving language support as a reclassified student until the three year period is over. Contact with the family and the Notice of Exit Prior to 3 Years from will ensure the family's request is followed.

Parent Refusal and Program Withdrawal

- If a parent/legal guardian should choose to refuse services upon entry into a language program, they may do so at any time by providing a written statement to the district stating they refuse services. Please contact one of our Multilingual Coordinators to discuss program refusal and next steps.
- The district is still responsible for providing meaningful education to the student and must continue to administer the annual ACCESS assessment to measure English language proficiency and monitor the student's academic progress. The ACCESS test will continue to be given until the student reaches scores that would qualify them to be reclassified.

Specialized Services

The district shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the district, as required by the Individuals with Disabilities Education Act (IDEA) and implementing provisions of the Illinois School Code, Section 504 of the Rehabilitation Act of 1973, and the American with Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 22 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's Special Education rules, that special education services are needed.

Students who are found to be ineligible for special education services under IDEA may be eligible for services under Section 504.

SECTION 5: STUDENT ATTENDANCE

Illinois law requires that whoever has custody or control of any child between 6 (by September 1) and 17 years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session. ([BOE Policy 7:70](#))

There are certain exceptions to the attendance requirement for children who attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by their physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Attendance Policies and Procedures

The Board of Education Attendance and Truancy [Policy 7:70](#) expects that students will be in attendance every day. The Proviso Township High Schools are committed to working together with parents/guardians to improve student attendance and to prepare students for the world of work, college, and careers. Regular school attendance and prompt arrival to class are critical to a student's achievement and success in school. Parents/guardians and students are reminded that Article 26, Section I, of the School Code of Illinois, requires that all children between the ages of six (6) and seventeen (17) attend school. It is the responsibility of parents/guardians to ensure their child attends classes regularly.

To maximize instructional time, Proviso Township High School students are expected to arrive promptly to all classes. Any arrival after the beginning time of class will be counted as an unauthorized tardy except those involving serious problems or administrative excused passes. Tardiness is unacceptable because it disrupts class, damages the morale of students who are on time, reflects a negative attitude toward school, and creates disorder in the halls. Oversleeping, family errands, babysitting, missing the bus, or car trouble are not acceptable reasons.

Students attend Proviso Township High Schools to learn and to become well-adjusted and productive members of society. All employees of District 209 have high expectations for moral and ethical behavior, and this should be reflected in students' attendance practices. Authorized and unauthorized absences will be counted equally as time missed in class. Students may make up missed work for credit for time missed.

Parents/guardians should be ready to provide the following information when calling clearly and slowly:

- Student's name and ID number
- Date(s) of absence
- Reason(s) for absence
- Parent/Guardian's name, and relationship
- A daytime phone number where the parent/guardian can be reached

Calls must be received within 24 hours of the absence

Note: When reporting absences, only calls from parents or legal guardians are acceptable. If a parent/legal guardian is out of town, prior written documentation must be turned into the Attendance Office to approve a student's absence.

Any parent/guardian appealing the categorization of a student absence must fill out an Attendance Appeal Form, which can be obtained and submitted in the Main Office of their child's school. Appeal forms will be reviewed and decided upon by Proviso High School administration.

When a student is absent, his or her parent/guardian must call the Attendance Line on the day of the absence or obtain approval before the absence for the absence to be authorized. All unreported absences are considered unexcused absences. Failure to call on the day of the absence or obtain prior approval may result in a permanent indication of unexcused absence and student disciplinary action in accordance with District 209 attendance procedure will be followed. Parents/guardians are responsible for reporting all-day absences, late check-ins, early releases, family trips, or other attendance information. The absence must be reported by telephone. Notes or emails will not be accepted.

If a call has not been made to the school by 10:00 am on the day of a student's absence, a school official may call home to inquire why the student is not at school. If the parent or

guardian cannot be contacted, the student may be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Parent/Guardian Expectations and Responsibilities

Parents/guardians have a major responsibility for seeing that their students attend school on a regular basis. Proviso Township High Schools are committed to forming a partnership with parents/guardians to improve student attendance and to prepare students for the world of work, college, and careers. In forming collaborative partnerships with the school, parents/guardians can promote the positive practice of responsibility and reliability in his/her student. It is the responsibility of parents/guardians to ensure their child attends classes regularly. Parents/guardians are asked to cooperate to the fullest in seeing to it that their child attends class daily.

Arriving Late to School

To maximize instructional time, students are expected to arrive promptly to school. Consistent tardiness will result in a conference with the parent/guardian and/or other disciplinary actions. Tardiness is unacceptable because it disrupts the educational process, damages the morale of students who are on time, reflects a negative attitude toward school, and creates disorder in the halls. It is critical that students arrive at school on time.

If a student arrives late to school, it is the responsibility of the parent/guardian to inform the Attendance Office prior to the student's arrival. In the event a phone call cannot be made prior to the student's arrival, the Attendance Office must receive a call from the parent/guardian within 24 hours of the time of the late arrival. Any missed time will be considered unexcused if a parent does not call with a valid reason for the late arrival.

The following reasons as examples for arriving late will constitute an authorized tardy:

- Medical appointment (including mental health)
- Court or other legal obligation
- Religious observance
- Family emergency

The following reasons as examples for arriving late will not constitute an authorized tardy. Students who arrive late due to the following reasons will be considered unexcused, resulting in an unauthorized tardy or absence:

- Oversleeping
- Family errands
- Missing the bus
- Babysitting
- Inclement weather

The above list is not to be considered all-inclusive. Efforts should be made to schedule medical/dental appointments outside of school hours.

Excused/Authorized Absence

Any absence that can be considered a “valid cause” for absence. The following are or could be considered reasons for authorized absences:

- College Visits – Juniors and seniors are allowed two (2) days per year pre-approved by an administrator.
- Military Service
- Attending a military honors funeral to sound TAPS
- Civic Responsibility
- Doctor/Dentist Visits
- Required Religious Observances
- Court Appointment or Documented Incarceration
- In-School or Out-of-School Suspensions
- Sent Home by the School Nurse – That day only
- Driver’s License Exam – Verification required
- Funerals – Up to seven (7) calendar days from the date of death upon proper documentation from the funeral director for the following: father, mother, sister, brother, child, grandparent, guardian, or any other relative who at the time of death was responsible for the student.
- Doctor’s Care – A doctor’s note, subject to administrative discretion, specifying the days of absence is required upon re-admittance. The doctor’s note must be for the student only and presented within five (5) days upon return.
- Other Special Circumstances – Any request made by the parent, guardian, or emancipated minor will be reviewed.

It is a student’s responsibility to be prompt and attend class regularly. If a parent/guardian does not call within 24 hours of the absence, the absence will be unauthorized.

Unexcused Absence/Truancy

Absent from school for reasons not recognized as excusable absences. To comply with the School Code, District 209 reserves the right to determine if an absence is without valid cause. The following reasons are examples of absences without valid cause, thereby resulting in an unexcused status. This list is not to be considered all-inclusive:

- Family vacations/planned events
- Oversleeping
- Car trouble
- Missing the bus
- Missing one class to study for another or make-up test and quizzes
- Shopping
- Extending Prom Weekend
- Birthdays
- Job interview
- Beauty appointments (Dances)

- Babysitting

Chronic Absentee - According to Illinois State Law, a “chronic absentee” is a student who misses 10% of school days within an academic year with or without a valid excuse. That’s 18 days of an average 180-day school year. Excused absences include illness, mental health day (up to five days), suspension, need to care for a family member, etc.

Students need daily instruction to succeed. Chronic absentees are at risk of academic and social problems.

Truant - A "truant" is defined as a child subject to compulsory school attendance and who is absent without valid cause from such attendance for more than 1% but less than 5% of the past 180 school days.

Chronic Truant - Illinois law defines "chronic truant" as a student who misses 5 percent of school days within an academic year without a valid excuse. That is nine days of an average 180-day school year. The count of chronically truant students does not include students with excused absences. Chronic truancy can lead to academic and behavioral problems and put students at risk.

Unexcused/Unauthorized Tardy - A student is tardy when he/she is not in the assigned seat or work area at the start of the tardy bell and does not have appropriate authorization excusing the tardy.

Unexcused Period Absence/Class Cut - Absent from any one class for reasons not recognized as an excusable absence.

School Truancy: All-Day Truancy

Students who are not in class consistently seriously jeopardize their chances for success. Truancy is serious. Since truancy is an action chosen by the student and not an action taken by the school, truant procedures will be followed, starting with parent outreach in the form of a phone call, email, or letter.

Truancy – Parent Liability (105 ILCS 5/26-10)

Any person having custody or control of a child...to whom notice has been given of the child's truancy and who knowingly and willfully permits such a child to persist in his truancy within that school year, upon conviction thereof shall be guilty of a Class C Misdemeanor and shall be subject to not more than 30 days imprisonment and/or a fine of up to \$500.

If a student is found to be truant, it may be required by Proviso Township High Schools for the parent/guardian of the student to accompany the student back to the school for re-admittance. Failure to do so may result in discipline. Truancy citations may also be issued by the local authorities.

Truancy – General Liability (105 ILCS 5/26-11)

Any person who induces or attempts to induce any child to be absent from school unlawfully, or who knowingly employs or harbors, while school is in session, any child absent unlawfully from school for three (3) consecutive school days, is guilty of a Class C Misdemeanor.

Ditch Day

District 209 does not support any ditch days, including “senior ditch day.” When larger numbers of students miss school, it negatively impacts the educational process in the building. Students who participate in a “ditch day” will be considered truant and issued disciplinary consequences accordingly. Medical documentation may be requested to authorize any absence.

Parent/Guardian Notification of Unexcused Absences

Parents/guardians will receive notification of unexcused student absences via the automated calling system. Unless otherwise requested, phone messages will be sent to the primary phone number listed in PowerSchool.

Absence on Day of a School Activity

Students who are absent from school for any reason are not permitted to participate in extracurricular activities or other school sponsored events on the day of absence from school unless they have prior permission from school administration.

Leaving the Building During the School Day

Closed Campus - All schools in Proviso Township High Schools District 209 have a closed campus policy. Students are to remain in their assigned buildings and on the school’s grounds continuously from the time of reporting to the time of departure for the day unless permission to leave is granted by an authorized person. Any student violating this rule shall be subject to disciplinary action. (See “*Leaving School Early – Early Dismissal*” for early dismissal procedures).

Opportunity to make-up class/homework assignments, tests and/or quizzes will be granted to students whenever necessary. Proviso District 209 supports all students for success. The list below is a sample list of consequences for students who miss excessive days of school.

- Referral to counselor, social worker, and Behavior Interventionist
- Before and/or after school detention
- Behavioral probation
- Written contract
- RESET room for intervention (**Remember: Every Situation Encourages Transformation**)
- Saturday School Program
- Removal of school privileges
- Reduction in grades or loss of credit
- Restriction of extracurricular activities
- Referral to an alternative educational program

SECTION 6: STUDENT WELLNESS

Student Fees and Meal Costs School Lunch Program

Breakfast is served every school day from 7:20 am to 7:40 am. Lunch is served every school day according to lunch periods as indicated on the student bell schedule. All students are eligible for a free breakfast and lunch. Students are not required to complete a free or reduced lunch form to receive lunch. Additionally, students may purchase additional a la carte items. A student may bring a sack lunch from home.

Fees, Fines, and Charges

Please refer to Board Policy regarding fees for the following: Non-public student enrollment ([7:40](#)), extra-curricular and co-curricular activities ([6:190](#)), field trips ([6:240](#)), high school credit courses and/or non district courses ([6:310](#)). Please refer to Board Policy regarding waiver of student fees ([4:140](#)).

Waiver of Student Fees

The Superintendent will recommend to the Board for adoption what fees, if any, will be charged for the use of textbooks, consumable materials, extracurricular activities, and other school fees. Students will pay for loss of schoolbooks or other school-owned materials. Fees for textbooks, other instructional materials, and driver education are waived for students who meet the eligibility criteria for fee waiver contained in this policy.

In order that no student, be denied educational services or academic credit due to the inability of parents/guardians to pay fees and charges, the Superintendent will recommend to the Board for adoption what additional fees, if any, District 209 will waive students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

The Superintendent shall ensure that applications for fee waivers are widely available and distributed according to State law and ISBE rule, and that provisions for assisting parents/guardians in completing the application are available.

Eligibility Criteria

A student shall be eligible for a fee waiver when:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act, or
2. The student or student's family is currently receiving aid under Article IV of The Illinois Public Aid Code (Aid to Families with Dependent Children).

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

School Problems

If the student has a problem related to discipline, security, personal safety, or vandalism, they should talk to:

- The nearest teacher, security, school counselor, or administrator when there is a discipline or security problem. Explain what happened and seek their guidance.
- A counselor, psychologist, or social worker provides ways to deal with problems so the student will feel safe and gain the skills to deal with similar problems in the future.

The student should always talk to their parent/guardian.

Personal Problems

For assistance with personal problems that may impact a student's school performance or their personal happiness, they are strongly encouraged to discuss the problem with their parent/guardian. They can also seek the assistance of the school counselor, a teacher, an administrator, or any adult that they are comfortable with at the school. Students can find out about resources within the school and/or community. They can also talk to a peer. Many times, fellow students can help with problems.

Proviso Township High School District 209 and West 40 have partnered to provide educational services to our students who have been categorized as medically fragile by a licensed physician.

Physical, Sexual, Mental Abuse

No student should be subjected to physical, sexual, or mental abuse. We do know, though, that abuse can happen to any child regardless of race, socioeconomic status, religion, or culture. If a student feels he or she is being abused, the student should contact the counselor or the school administrator. Bullying, Harassment, or Intimidation

Board of Education [Policy 7:180](#) (105 ILCS 5/27-23.7)

Issues of bullying, harassment, or intimidation must be brought to the attention of school administration. Unresolved concerns may be elevated to the Superintendent’s Office. All types of bullying, harassment or intimidation should be reported.

Bullying, intimidation, teen dating violence, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important school goal.

Bullying on the basis of actual or perceived race, color, nationality, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

For purposes of this policy, the term bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, teen dating violence, and/or harassment may take various forms, including without limitation: Threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. For purposes of this policy, the term bullying includes harassment, intimidation, teen dating violence, retaliation, and school violence.

Bullying is contrary to state law and the policy of Proviso Township High Schools District 209.

A student who is being bullied is encouraged to immediately report it orally or in writing to any staff member with whom the student is comfortable speaking. Anyone who has information about actual or threatened bullying is encouraged to report it to a school administrator. The school will not punish anyone because he or she made a complaint or report, supplied information, or otherwise participated in an investigation or proceeding, provided the individual did not make a knowingly false accusation or provide knowingly false information. Acts of retaliation for reporting incidents of bullying, intimidation, teen dating violence or harassment, will not be permitted and the school will take disciplinary action against any student who participates in such conduct.

Immunization, Health, Eye, and Dental Examination

In compliance with Illinois state law, District 209 requires all students to present appropriate proof that the student received a health examination and immunizations against, and screenings for, preventable communicable diseases within one year prior to entering the ninth grade and enrolling in an Illinois school for the first time, regardless of the student's grade (the physical exam form may be a comparable report from a former school or a new report from a local physician). A diabetes and BMI screening must be indicated on the school physical. Tetanus, Diphtheria, Pertussis (Tdap) is a required immunization for all students according to Illinois state law. The required health examinations must include a statement from a physician assuring the student has been "risk-assessed" or screened for lead poisoning. All students must show proof of a health examination and immunizations prior to or on the first day of school.

Failure to comply with the above requirements by **October 15** of the current school year may result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register for mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present by October 15 an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

Vision screening will be done, as mandated by Illinois School Code, for Special Education students, transfer students, and students referred to the nurse by teachers. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Students are not required to undergo this vision screening IF an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous twelve (12) months and if that evaluation is on file at the school. This notice is not a permission to test. Vision screening is NOT an option. If a vision examination report for a student is not on file at the school, Special Education students, transfer students, and students referred to the nurse will be screened.

All students entering the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry to the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Exemptions

A student will be exempt from the above requirements for:

- Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection
- Health examination or immunization requirements on medical grounds if a physician provides written verification
- Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all its branches who provides eye examinations or a licensed optometrist

Student Medication

Parents have the primary responsibility for the administration of medication to their children. When parents cannot administer medicine or it is medically necessary to give medication during school, the medicine must be supplied by a pharmacy labeled container (over-the counter medications in original container) and will be locked in the nurse's office. We must have written parental permission for all prescriptions and over-the-counter medications and written doctor's orders for all prescription medications. Aspirin, Tylenol, or cold tablets, etc. should not be sent in an envelope or in a bag, but in the original container.

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a

completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or nonprescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, because of any injury arising from a student's self-administration of medication or epinephrine autoinjector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided with an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules. If the student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that limits a major life activity. If the student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that the student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If the child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school nurse. Parents/guardians are responsible for and must:

- Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- Sign the Diabetes Care Plan.
- Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Illinois State Mandatory Reporter Information

State Mandated Reporter Policy Code states that a mandated reporter is/are required to report suspected child abuse or neglect immediately when they have “reasonable cause to believe” that a child known to them in their professional official capacity may be abused or neglected child.” All Proviso Township High Schools employees are mandated reporters. For more information, visit www2.illinois.gov/dcfs.

If a student needs to report confidential information regarding physical or sexual abuse, he/she should call 1-800-252-2873.

SECTION 7 TRANSPORTATION

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school or residing within 1.5 miles from their assigned schools where walking to school or to a pick-up point or bus stop would constitute a serious hazard due to vehicular traffic or rail crossing as defined by the Illinois Department of Transportation. A list of bus stops will be published at the beginning of the school year before student registration.

Students will be assigned one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. In addition, students cannot depart the bus at any stop other than their regular stop, unless authorized by the Building Principal. Exceptions must be approved in advance by the Building Principal.

While students are on the bus, they are under the supervision of the bus driver, monitor, and/or chaperone. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the Building Principal or Building Principal's designee.

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity.

Parents/guardians will be informed of inappropriate student behavior on a bus. Parents/guardians are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the students' safety and in compliance with State law, students are expected to observe the following rules:

1. Students with a temperature of 100.4 degrees Fahrenheit or higher or those who experience symptoms of COVID-19 should remain at home.
2. Students must choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
3. Students are to remain seated, always facing forward when the bus is moving.
4. Students are prohibited from moving from one seat to another while on the bus.
5. Students must keep all parts of their body and all objects inside the bus.
6. Loud conversation, singing, boisterous conduct, and unnecessary noise or profanity is not allowed.
7. Students must enter and exit the bus only when the bus is fully stopped.
8. All school rules apply while on the bus, at a bus stop, or waiting for the bus.

9. Students are only allowed to use the emergency door in an emergency.
10. In the event of an emergency, students must stay on the bus and await instructions from the bus driver.
11. Appropriate behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other unnecessary commotion are grounds for disciplinary action.
12. Students are prohibited from opening windows on the bus.
13. Students are expected to keep the bus neat and clean.
14. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
15. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
16. Students are expected to be waiting at their bus stop on time (ten minutes prior to pick up). The bus driver cannot wait for those who are tardy.
17. Students are to always stand at least five (5) feet off the roadway while waiting for the bus.
18. Students must never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
19. Students are expected to keep book bags, books, packages, coats, and other objects out of the aisles. They must keep all body parts clear of the aisles when seated.
20. Eating, drinking, or chewing gum is not allowed on the bus.
21. No glass or breakable containers are allowed on the bus. No reptiles, insects, animals, or marine life (dead or alive) are allowed to be transported on the bus.
22. Absolute silence is required of students at railroad crossings and/or anytime the dome lights are on.
23. Bulky or objectionable objects, including musical instruments, that cannot be held in the student's lap are not permitted on the bus. No objects may block the aisles or emergency exits.
24. No items are to be thrown or propelled out of the bus windows. (Behavior that violates this rule/expectation may be classified as a felony. The student and the parent/guardian shall be held responsible for any damages that result from such an act.)
25. No littering, throwing, or propelling objects inside the bus is allowed.
26. Smoking and/or use of any tobacco products or other mood-altering substances is prohibited.
27. No posters or signs are to be displayed from the bus.
28. After disembarking, those students who must cross the road shall cross approximately ten (10) feet in front of the stopped bus or as directed by the bus driver.
29. A student's parents/guardians have the responsibility for the control and direction of the student at the bus stop.
30. Parents/guardians will be liable for any defacing or damage that students cause to the bus.

Bus Behavior

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may

suspend the student from riding the school bus for a period more than 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

SECTION 8 STUDENT CODE OF CONDUCT

At Proviso Township High Schools District 209, we are committed to cultivating a learning environment where every student feels safe, respected, and empowered to succeed. Our Code of Conduct is grounded in the belief that discipline should be educational, equitable, and supportive of student growth.

In accordance with Senate Bill 100, this guide reflects our responsibility to implement fair and developmentally appropriate responses to student behavior. It ensures that disciplinary practices are transparent, consistent, and aligned with students' rights to due process and access to education. While exclusionary discipline may be used when necessary, our focus remains on proactive interventions, restorative strategies, and collaborative problem-solving.

The following Intervention Guide provides a structured framework for addressing student behavior across three levels of impact—ranging from minor disruptions to serious infractions. Each level includes definitions of offenses, explanations of behavioral expectations, and a range of possible interventions and consequences.

LEVEL 1 OFFENSES		
<i>None to minimal impact on the educational environment</i>		
Exclusionary practices are not allowable as possible interventions and/or consequences for any Level 1 Offense. Offenses are coded in alphabetical order, and not in order of severity.		
Offenses	Level	Explanation

SECTION 11: STUDENT APPEARANCE AND DRESS CODE

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. District 209 does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including but not limited to protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance. Procedures for guiding student appearance will be developed by the Superintendent or designee and included in the Students' Rights and Responsibilities Handbook.

The Board is committed to providing a safe, inclusive, and nurturing educational environment conducive to student learning. It recognizes the right of students to express themselves through choice of personal attire and affirms the primary responsibility for student attire resides with the student and parents.

The Board is committed to equitable educational access for all students, and this student appearance expectations does not differentiate based on students' race, color, creed, national origin, immigration status, religion, physical, mental, or educational disability, pregnancy age, gender, gender expression, gender identity, genetic information, sexual orientation, marital status, veteran status, socioeconomic status, body type, body size or personal style.

The Board values for the student appearance expectations are:

- All students should be able to dress comfortably for school without fear of actual unnecessary discipline or body shaming.
- Teachers can focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Students should not face unnecessary barriers to school attendance.
- Reasons for conflict and inconsistent identification of possible infractions should be minimized whenever possible.

While following the dress code is the responsibility of students and their parents, dress and appearance should not interfere with the educational process and be consistent with Board policy. Student attire may not interfere with the health or safety of any student nor contribute to a hostile or intimidating atmosphere for any student.

Head

Students may not wear head coverings of any kind, including hats and hoods/hoodies, unless worn for religious, medical, or safety purposes and approved in advance by the school's administration.

Shirts and Blouses

Shirts and blouses should be continuous from neckline to waist. The entire mid-section should not show. No tank tops and muscle shirts. No clothing with vulgar language,

obscene pictures, weapons, drugs/ alcohol or drug paraphernalia and tobacco products. No identifiable gang/crew clothing or paraphernalia. No see-through clothing.

Skirts, Dresses, and Shorts

Pants should be secured at the waist, not sagging below the waist to expose undergarments or buttocks. Tights, stretch pants, leggings, and spandex body suits must be worn with clothing long enough to cover buttocks.

Footwear

Shoes must be worn. Slippers are prohibited.

Other

Pajamas/sleepwear are prohibited except during Spirit Week. All clothing must conceal undergarments.

SECTION 10: ANNUAL NOTIFICATION OF RIGHTS

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

The right to inspect and copy the student’s education records within 10 business days after the day District 209 receives a request for access.

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will decide for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. District 209 charges \$0.35 per page for copying, but no one will be denied their right to copy their records for inability to pay this cost. District 209 may extend the time to respond to a request for access by five (5) additional business days.

These rights are denied to any person per court order or order of protection (105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15)).

The right to have one or more scores received on college entrance examinations removed from the student’s academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance exams deleted from their student’s academic transcript. Students often take college entrance examinations multiple times to improve their results. Test publishers provide the results from each examination taken to the student’s high school. Schools must include each of these scores on the student’s transcript, which may result in the academic transcript having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. District 209 will remove scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

The right to request the amendment of the student’s education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.

Parents/guardians or eligible students may ask District 209 to amend a record that they believe is inaccurate, irrelevant, or improper. They should write to the Building Principal

or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, District 209 will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to employees or officials of the school, District 209, or the Illinois State Board of Education with legitimate educational or administrative interests, in furtherance of such interests. An official of the school or the District is a person employed by the school or the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a volunteer; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, therapist, or evaluator); or any parent(s)/guardian(s) or student(s) serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual Board members do not have a right to access school student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

An official of the school or District 209 has a legitimate educational interest if the official needs to access school student records and/or student record information to fulfill his or her professional responsibility.

Upon request, District 209 discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Additional disclosures may be permitted by law. Disclosure is also permitted without consent to any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary

for the discharge of their official duties who request information before adjudication of the student.

The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws.
